VVS<sub>2</sub>

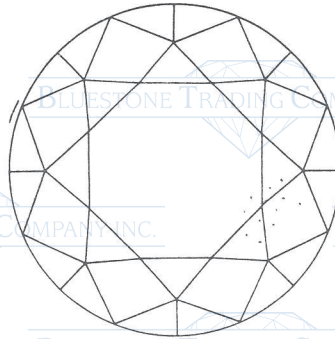

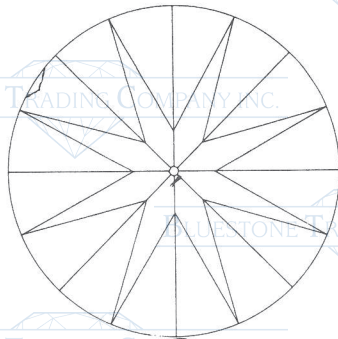

Cloud of pinpoints under table.

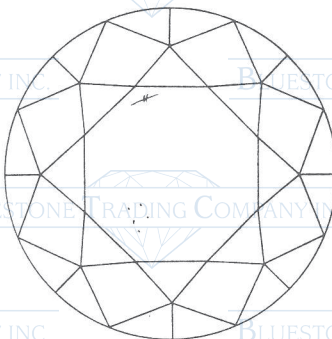

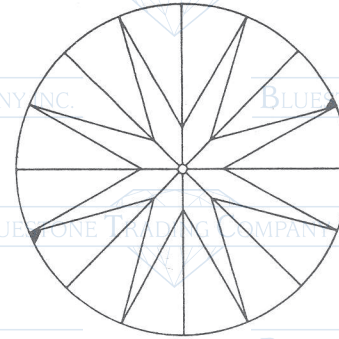

Two very tiny cleavages extending from girdle. One natural.

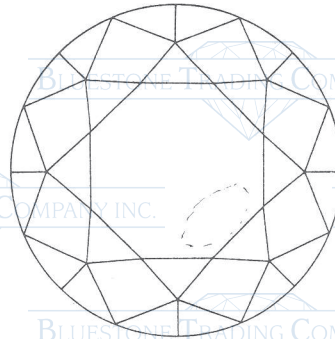

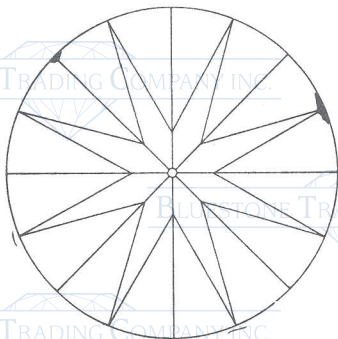

Very tiny cleavage near culet. Two naturals, one indented, on pavilion.

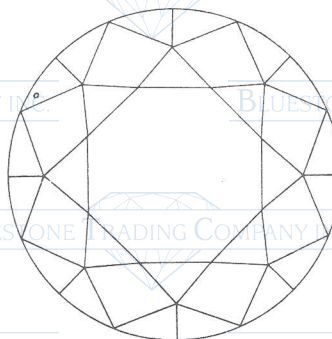

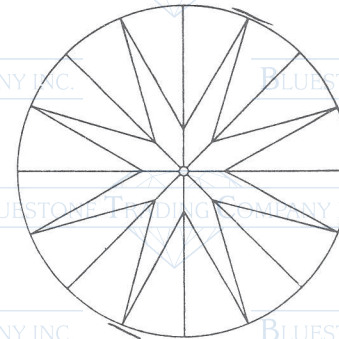

Several pinpoints under edge of table and crown. Natural on crown side of girdle. Two extra facets on pavilion.

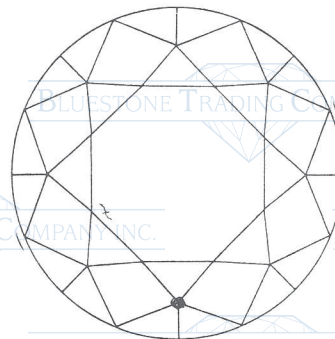

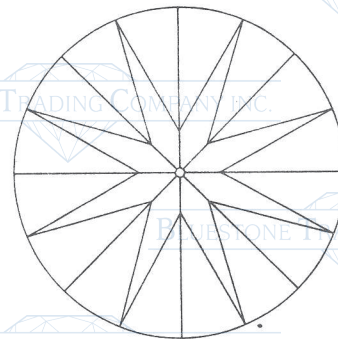

Several pinpoints under table. Scratch on table. Two naturals and two extra facets on pavilion.

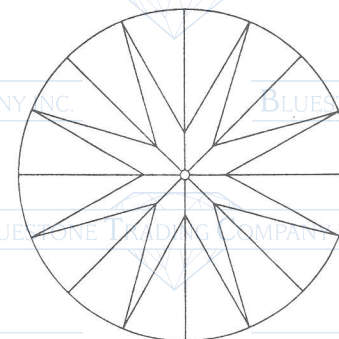

Cloudy area (as outlined) under table edge. Two naturals on pavilion side of girdle.

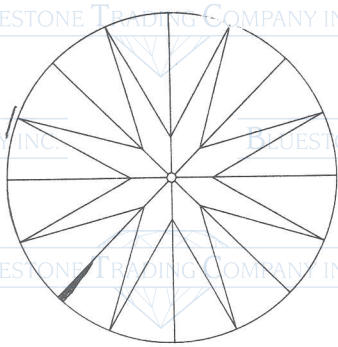

One very small included crystal near girdle.

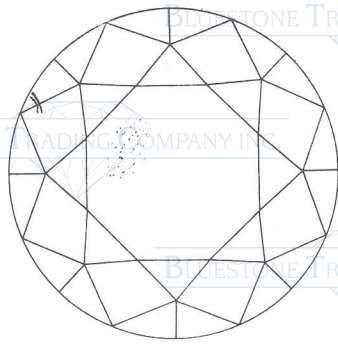

Very tiny feather near table edge. Extra facet on crown junction. Nick. Two naturals on crown side of girdle.

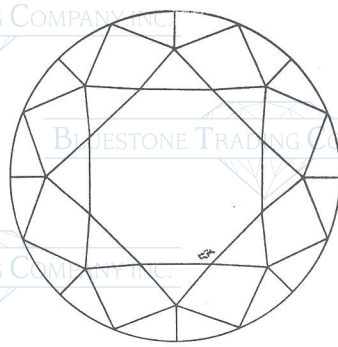

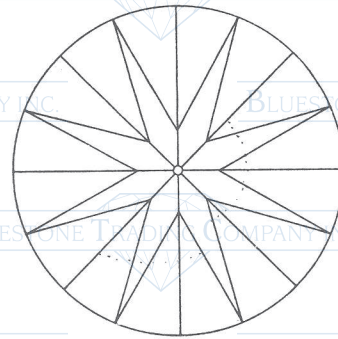

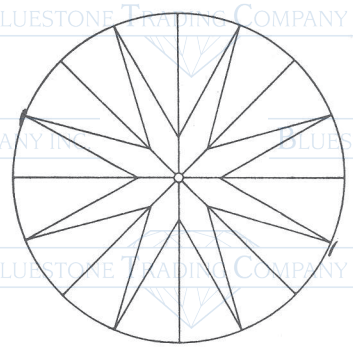

One cloud of pinpoints under table. One natural. One long extra facet. One very small cleavage extending from girdle.

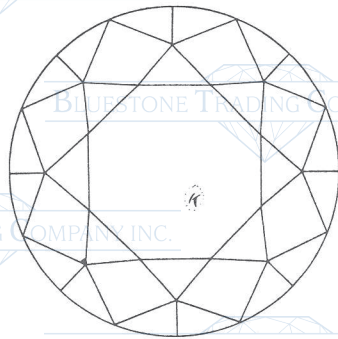

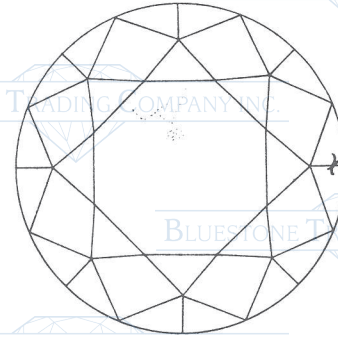

VS<sub>1</sub>

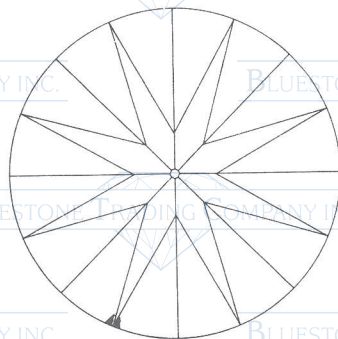

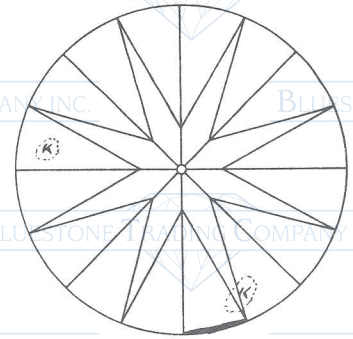

Very small irregular inclusion under table edge. Two naturals.

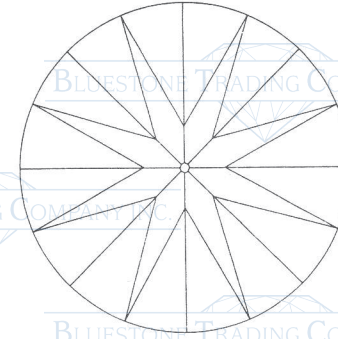

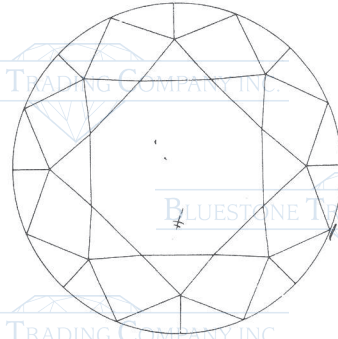

Small feather near girdle. Nick on girdle. Group of pinpoints under table. Straight grain lines through crown; curved lines on pavilion.

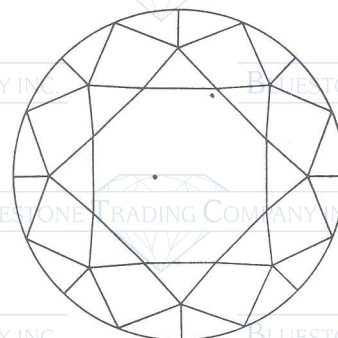

Three knots; one on table, two on pavilion. One large extra facet.

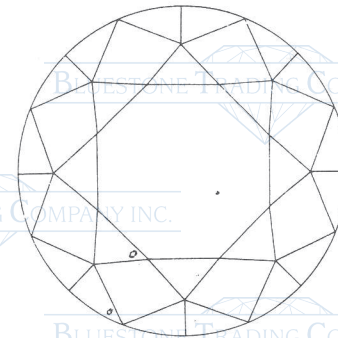

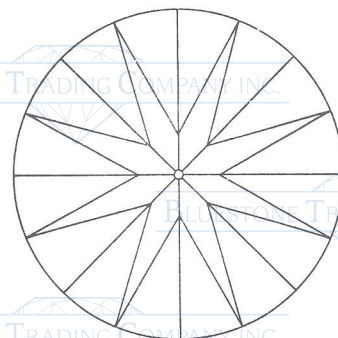

Two pinpoints under table. One long scratch on table. One natural. One extra facet.

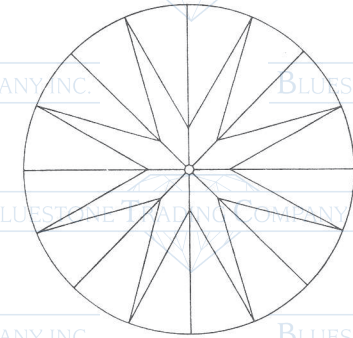

One small "carbon spot" under table edge. Two small included crystals under star facet. One pinpoint under table. One natural.

Two small opaque inclusions under table area.

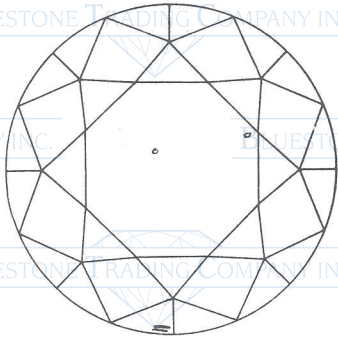

Two small included crystals. One pinpoint under table.

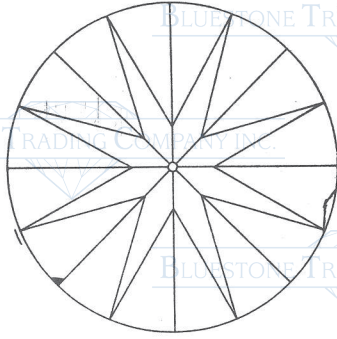

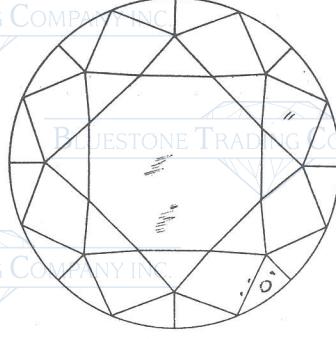

VS<sub>2</sub>

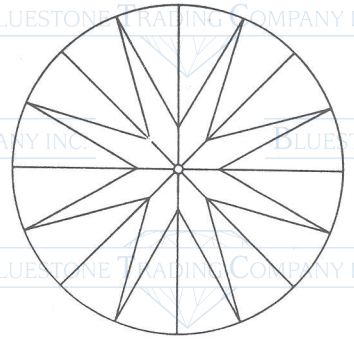

Two small included crystals. One extra facet. One small cleavage near girdle. Two naturals, one indented.

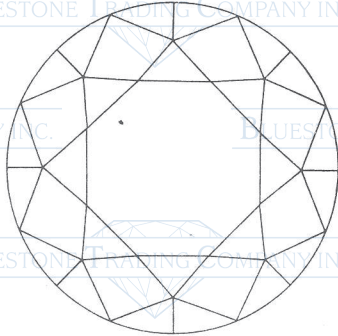

Several cloudy streaks under table. One included crystal. Several pinpoints. One small cleavage under crown.

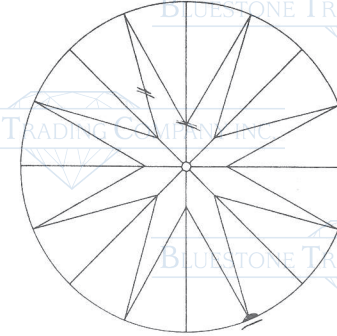

Pinpoint under table. Two cleavages on pavilion. One extra facet and one natural; same area.

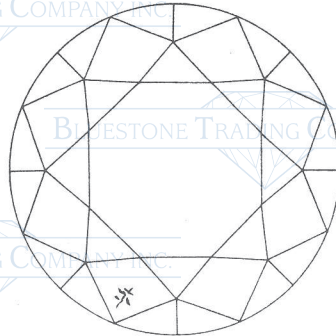

One fairly large irregular inclusion on crown. One natural on girdle.

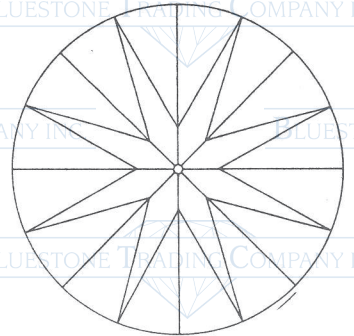

Two small cleavages on crown near girdle. Two cleavages on pavilion. Tiny fissure on upper-girdle facet.

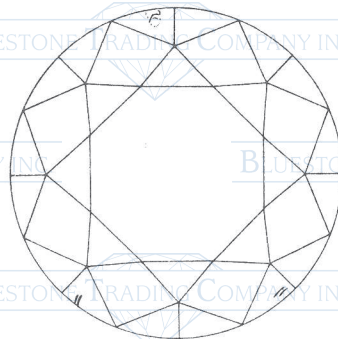

Many extra facets. Three nicks. One natural. Two "carbon spots" near girdle. One included crystal. One pinpoint.

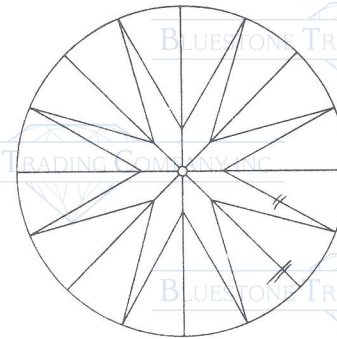

Two large nicks, several small inclusions and one area of poor polish on table. Extra facet, two small cleavages and twinning lines on pavilion.

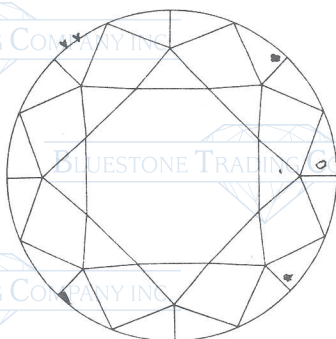

Small cleavage and two inclusions under table. Two extra facets on crown; one on pavilion. Natural on pavilion; many scratches on junction.

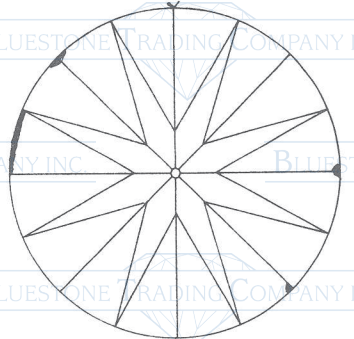

Two large nicks, several small inclusions and one area of poor polish on table. Extra facet, two small cleavages and twinning lines on pavilion.

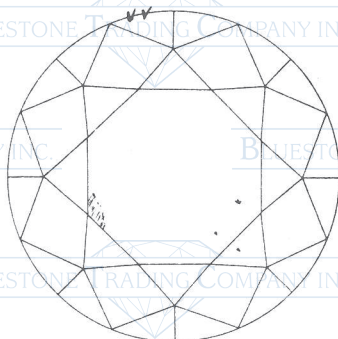

Small cleavage and two inclusions under table. Two extra facets on crown; one on pavilion. Natural on pavilion; many scratches on junction.

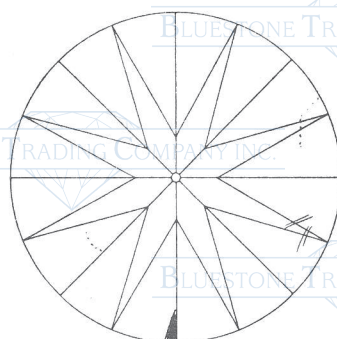

Small cleavage and two inclusions under table. Two extra facets on crown; one on pavilion. Natural on pavilion; many scratches on junction.

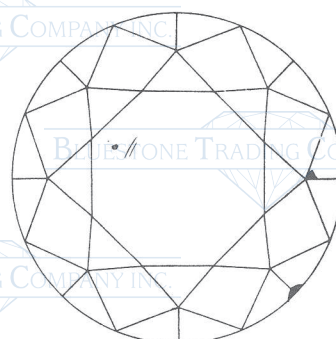

Small cleavage and two inclusions under table. Two extra facets on crown; one on pavilion. Natural on pavilion; many scratches on junction.

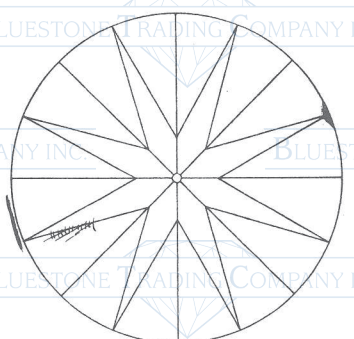

Small cleavage and two inclusions under table. Two extra facets on crown; one on pavilion. Natural on pavilion; many scratches on junction.

Small cleavage and two inclusions under table. Two extra facets on crown; one on pavilion. Natural on pavilion; many scratches on junction.

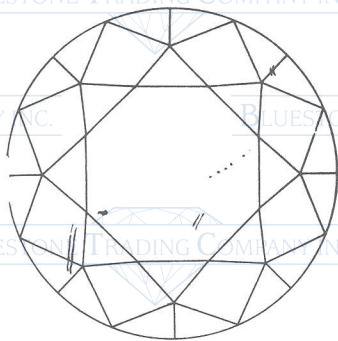

Small cleavage and two inclusions under table. Two extra facets on crown; one on pavilion. Natural on pavilion; many scratches on junction.

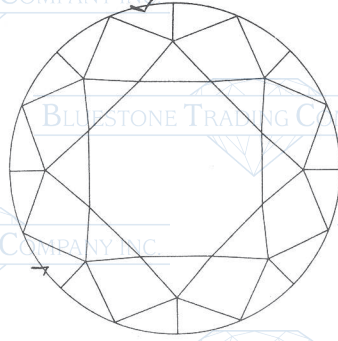

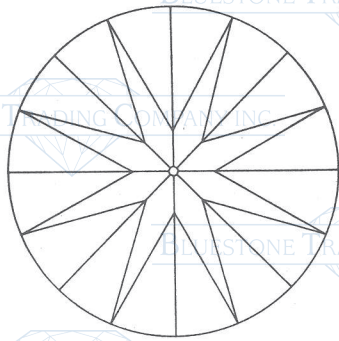

Small cleavage and two inclusions under table. Two extra facets on crown; one on pavilion. Natural on pavilion; many scratches on junction.

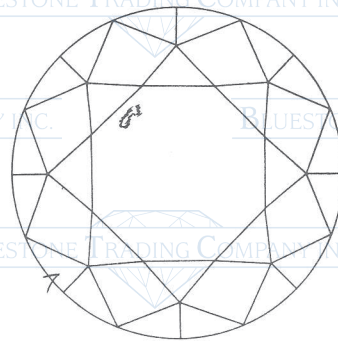

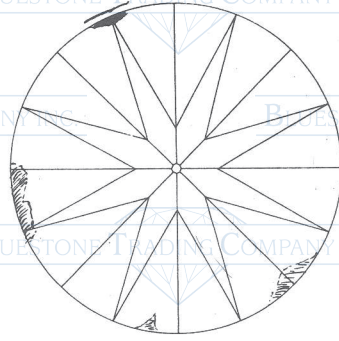

SI<sub>1</sub>

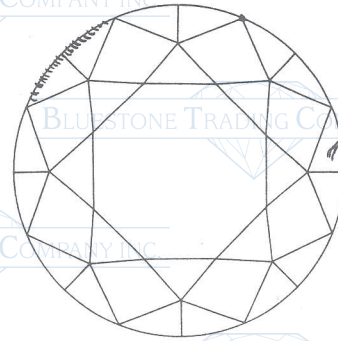

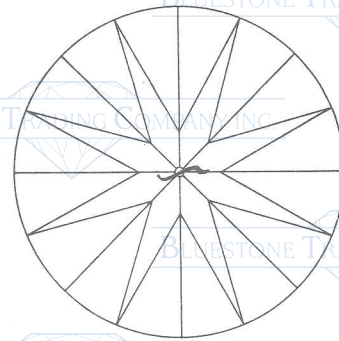

Three small cleavages. "Carbon spot." Row of pinpoints.

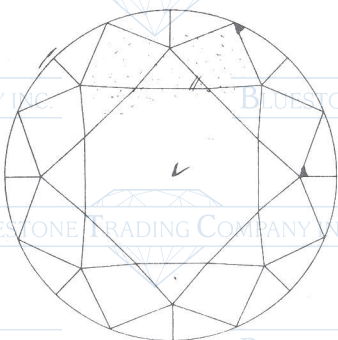

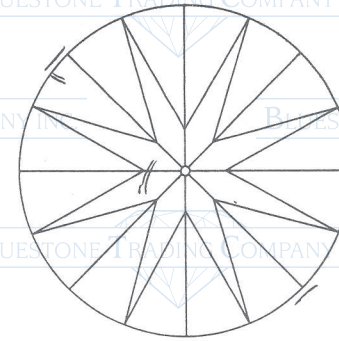

Two large nicks. One natural and one extra facet. Three large indented naturals.

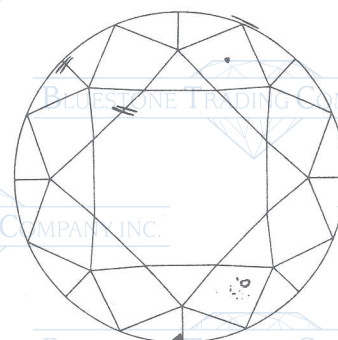

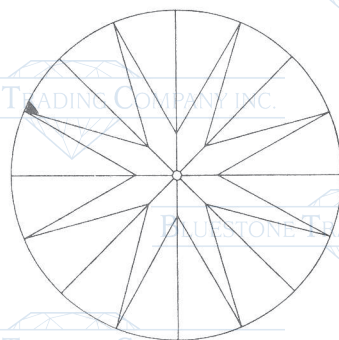

One fairly large irregular inclusion. Large nick on girdle. Abraded culet.

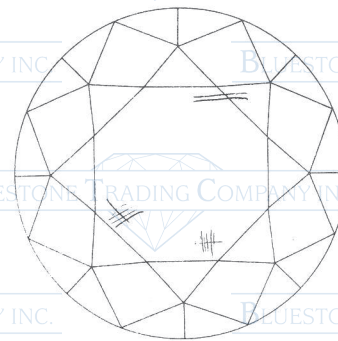

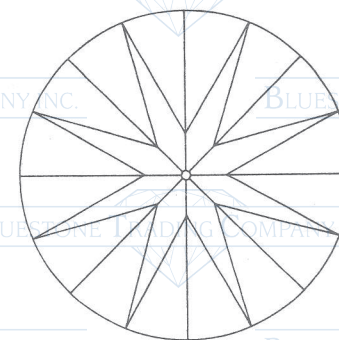

Very rough area around girdle edge. Three small cleavages. Two naturals.

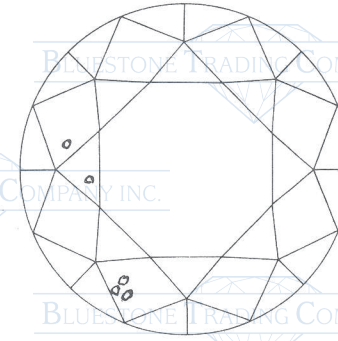

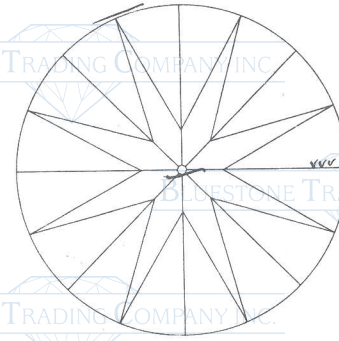

Nick in center of table. Three extra facets. Large group of pinpoints with cleavage. One natural.

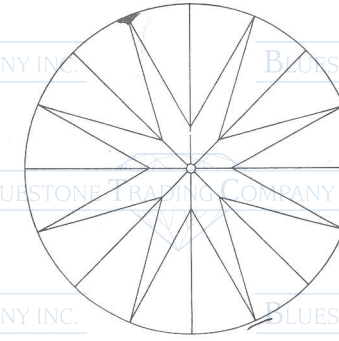

Two cleavages. One small "carbon spot." One included crystal with several pinpoints. One extra facet on crown. One natural.

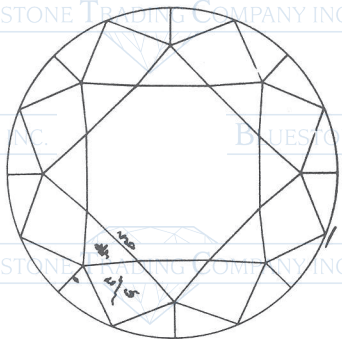

Two groups of scratches on table. One natural. One cleavage. Fracture on culet. Series of nicks.

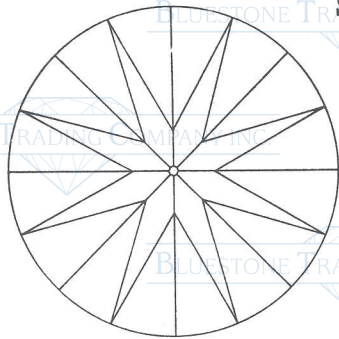

One group and several individual included crystals. One extra facet. One natural.

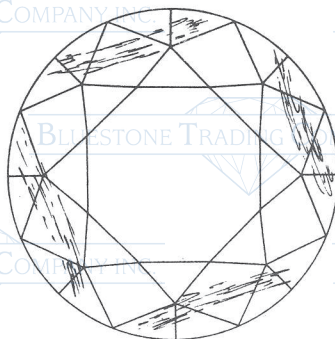

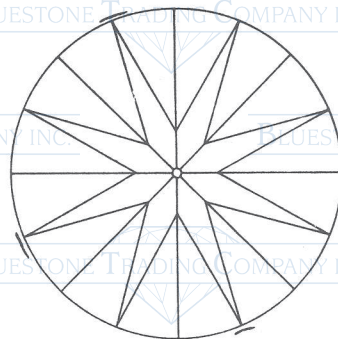

One group of irregular opaque inclusions. One natural.

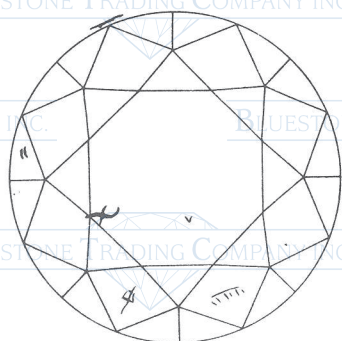

Four prominent cloudy areas. Three naturals.

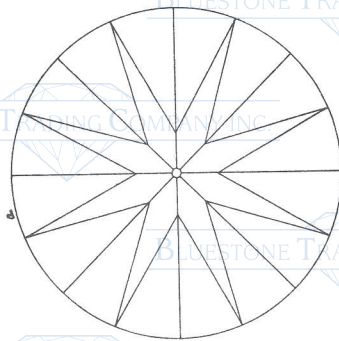

One medium feather. One small cleavage. Several irregular inclusions. One nick. Several pinpoints. One chip on girdle. One natural.

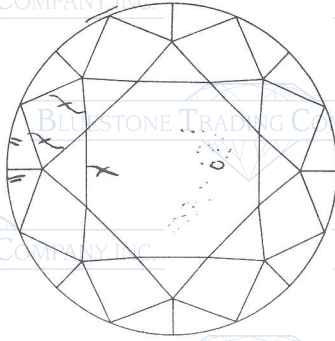

Three small feathers. One natural. At least five small cleavages. One included crystal with group of pinpoints.

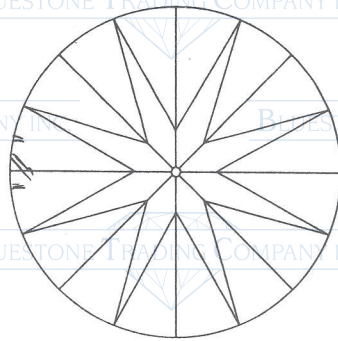

Two cleavages. One feather under table. Two naturals. One included crystal.

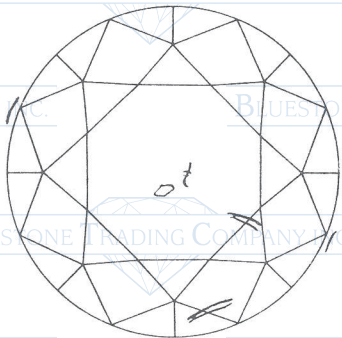

One indented, unpolished area on table. One cloud of needle inclusions near girdle. Two cleavages. One feather. One included crystal.

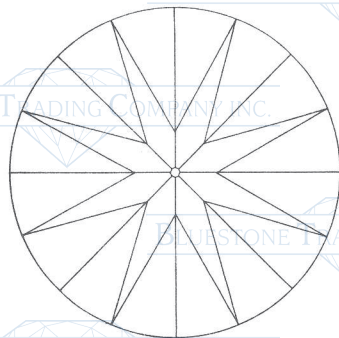

One long narrow cleavage starting at girdle. Several extra facets. One natural.

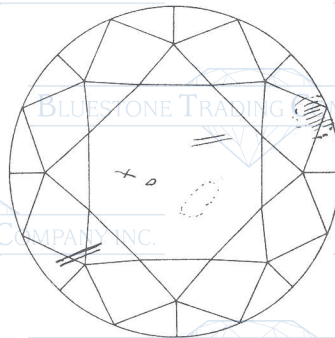

One thin cleavage near girdle. One small cloud under table edge. Two naturals.

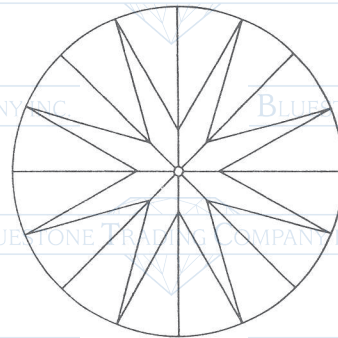

One long narrow cleavage starting at girdle. Several extra facets. One natural.

One thin cleavage near girdle. One small cloud under table edge. Two naturals.

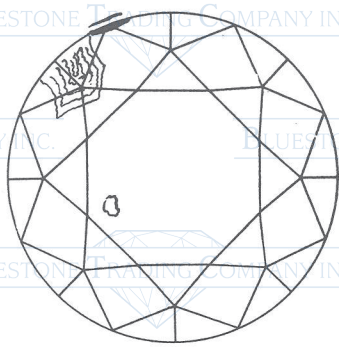

One long narrow cleavage starting at girdle. Several extra facets. One natural.

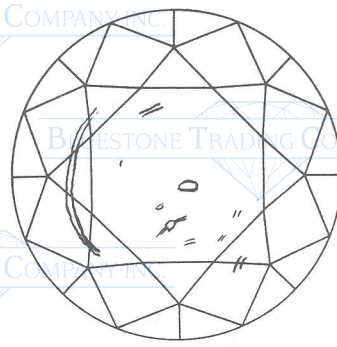

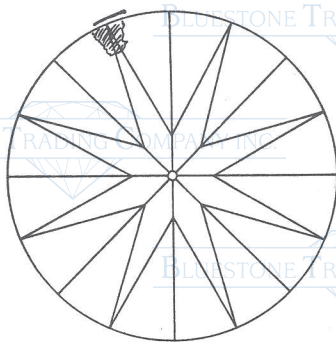

One thin cleavage near girdle. One small cloud under table edge. Two naturals.

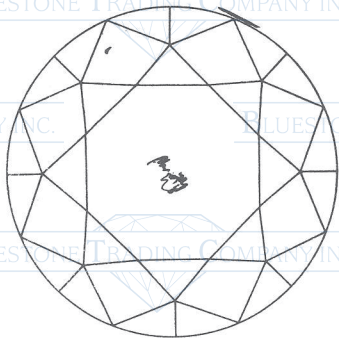

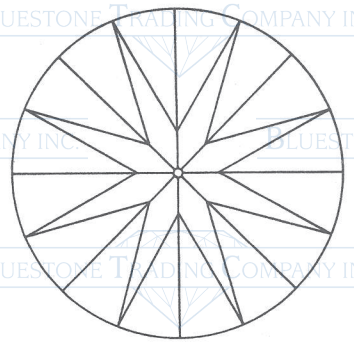

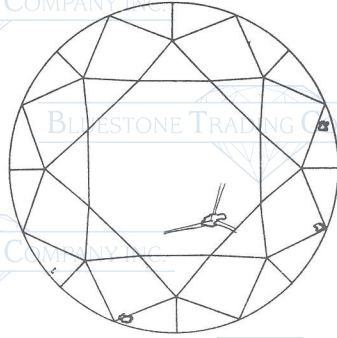

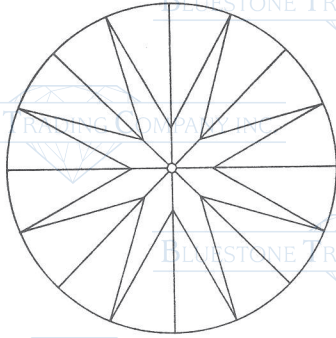

Large "feathery" type of separation. Girdle outline interrupted by a natural. Large natural, indented, on pavilion.

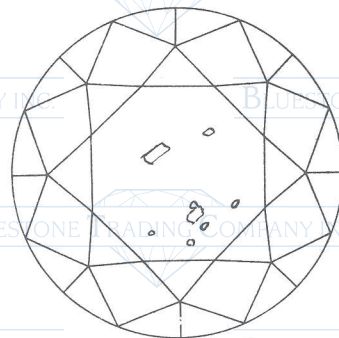

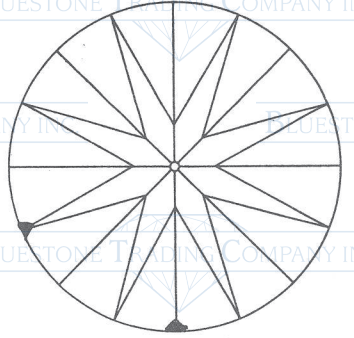

Long thin cleavage across crown facets. At least five other small cleavages. Several included crystals. One 'pinpoint'.

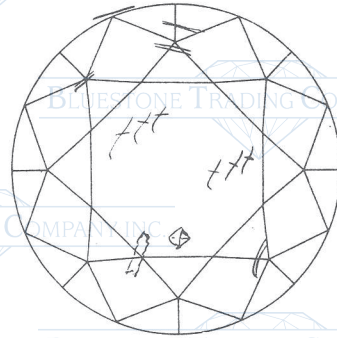

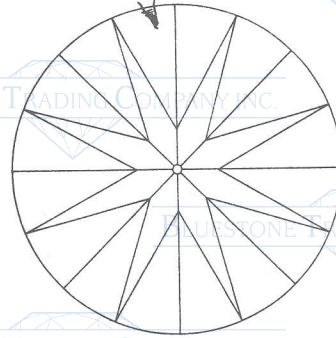

One large irregular inclusion complex under table. One small "carbon spot." One natural.

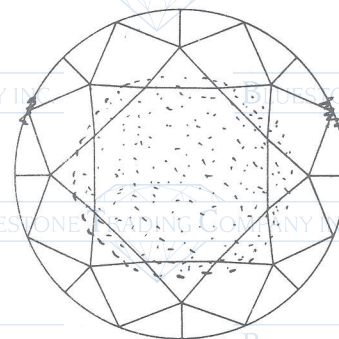

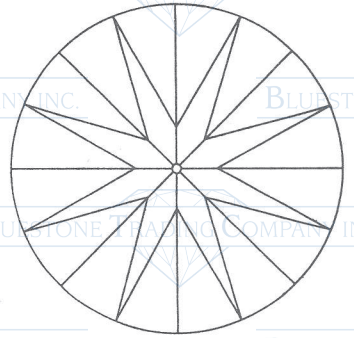

Large included crystal, with three cleavages. Three smaller included crystals. Two extra facets.

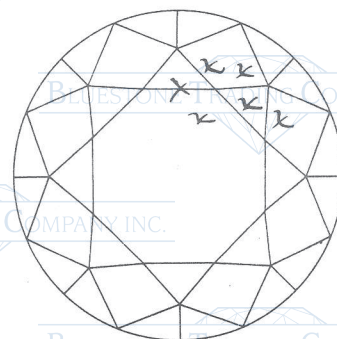

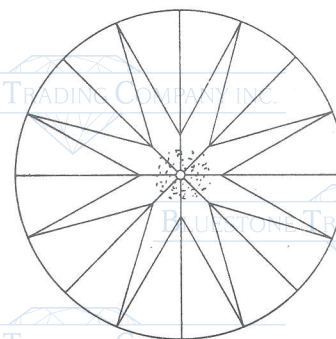

One severe nick, or fissure, on pavilion. Several large and small included crystals under table.

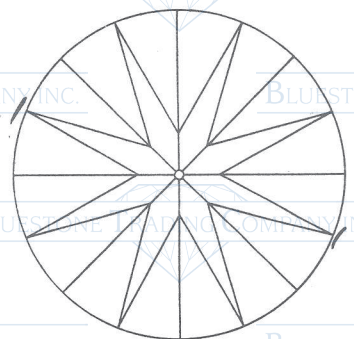

Several small cleavages. Several feathers. Large elongated included crystal. Included distorted octahedron. One natural.

Two parallel planes of minute white inclusions. Two areas of roughness on girdle edge.

Large group of small feathers. Two naturals.
